AL BUCKENBERGER'S CONNECTION

With the Club Taken as an Indication That the Wheeling Club Will Be a Training School for the St. Louis Browns-Last Night's Bowling Games-The Races at New Orleans and Alexander Island.

The news, given exclusively in the INTELLIGENCER yesterday morning, that Al Buckenberger had accepted the frauchise of Wheeling in the Inter-State Base Ball League, and would take stops to place a good team here, was received with enthusiasm by the army of local base ball cranks, who are legion in Wheeling. The general opinion is that the team will be a winner with "Buck" at the head here, and with the confidence brought about by his connection there is no doubt felt regarning the quality of the team or the amount of patronage. Buckenberger will be here to-day or to-morrow to make arrangements for the grounds. While here he will probably engage Will D. White, the old Bellaire bail player, as manager of

In connection with Buckenberger's acceptance of the Wheeling franchise acceptance of the Wheeling franchise an idea is advanced by the local enthusiasts that is very plausible. It is said that possibly the Wheeling team will secure the services of the extra St. Louis players. Buckenberger is the manager of the Browns, so that it would be a good move to develop players here for the National League team. If this is true it will insure Wheeling getting good ball, as the players would be of a higher class than could be obbe of a higher class than could be ob-tained otherwise.

LOTUS WINS A GAME.

The Erstwhile Tailenders Show up in Good

Last evening at the Seibert alleys the Lotus and Columbia teams, of the Wheeling Bowling League, played a pair of championship games at Seibert's alleys and to the surprise of the latter, Lotus won the second game of the two. Both games were unusually close, Columbia winning the first by a margin of but six pins, as follows:

Columbia—Bishop 108, Amick 142, Boadwing 136, Weisgerber 142, Seibert 136, Blind 114; total 778.

Lotus—O'Neill 127, Haller 137, Worls 189, 1112, Weissel 139, Wins 189, 112, Weissel 139, Wins 189, 1112, Weissel 139, Wins 189, 112, Weissel 139, Weissel 139, Weissel 149, Wei

Hall 113, Weitzel 139, Wise 160; In the next game Lotus led at the

start, was oveataken in the fifth, but a spurt gave them the lead again and they won out by nine pins. The score: Lotus-O'Neill 131, Haller 143, Worls 177, Hall 125, Weitzel 119, Wise 123;

Columbia—Bishop 157, Amick 105, Boadwing 130, Seibert 149, J. Weisger-ber 133, Blind 125; total 799.

Brownies Won Two.

The Brownies and Calumet teams, of the Wheeling league, last night played two games in the league's second series race, and the former won both with ease. In the first game Hervey made the only notable score, 170. The Brownies only made 788 in the first fame that Calume was a way helpind. fiame, but Calumet was away behind. Y. M. C. A. Athletics.

Last evening at the Y. M. C. A. "gym" the A. No. 1 and Vigilants, of the hand ball league, played a game in the championship series, which resulted in a victory for the former, score, 94 to 91. It was an exciting contest throughout. P. O. G. now leads in the pennant race, A. No. 1, Vigilant and Eureka fol-lowing in the order pamed. Vigilant and Eureka play Friday night.

The junior hand ball league has com-

menced its series. There are four clubs, No Name, Excelsior, None Such and Triangle. Excelsior and No Name play Saturday morning at 11 o,clock.

CHARITABLE FUNDS

In New York State are not Available for Immediate Use.

New York, Jan. 8 .- The Advertiser saye: More than \$2,100,000 appropriated by the city of New York for charitable purposes cannot be paid for several months, though the money is ready and the various institutions for which it was set aside are in need of it, because the new constitution makes requirements which it takes legislation and the estab lishment of an entirely new system to comply with. The blunder of the law-makers affects not alone this city but the whole state, applying to all appropriations by counties, cities, towns and villages, to any charitable, eleemosynary, correctional or reformatory in stitution which is wholly or part under

private control.

This grist for the needy already ground out through the various county and municipal mills must be ground. over again through the state's mill, and that mill is not built yet. The state board of charitles, which is

now given supervision of all such appropriations, must meet and formulate rules; the legislature must provide for the appointment of inspectors; each in-mate of each institution must be found to have been "received" and to be retained pursuant to the new rules; the board is finally to act upon the reports of the inspectors, its approval making an appropriation available.

LODGED IN THE BODY.

The Way by Which It Gets Into the System-Some New Scientific Pacts of Great Value and Interest.

"Any man or woman who can go through the trying winters and springs of this climate without suffering from rheumatism or neuralgic pains of some kind is decidedly fortunate." It was Dr. Hamilton, the popular physician, who declared this while talking to some

who declared this while talking to some friends at the club. Continuing, he said:

"What it is that causes those pains has been a greater mystery to physicians and scientists than almost any other question. Some have declared that they are the results of a severe cold, others that imprudent exposure has caused them, and still others that they arise from blood poisoning.

"In order to obtain, if possible, a correct theory of rheumatism and all the

"In order to obtain, it possible, a correct theory of rheumatism and all the aches and pains which accompany it, certain authorities in Washington have taken steps to obtain the views of the physicians of America upon this subject. These views are of a varied naject. These views are of a varied nature, but so overwhelming a proportion
hold to one belief as to leave but little
doubt that it is a correct one. This belief, briefly stated, is that uric acid in
the blood causes rheumatism, and that
it is only by removing this poisonous
acid that rheumatism or neuralgic troubles, in all their terrible forms can be
cured. This being true, the important
question arises. How does the uric acid question arises. 'How does the uric seid t into the blood, and how can it best

be removed?'
"Uric acid finds its way into the "Uric acid finds its way into the blood because the kidneys are weak-ened and cannot throw it from the system. Restore the kidneys, and you will restore the power that will force the uric acid from the body, and thus banish the rheumatic agonies which it

cause.

"The is reason; it is science; it is true. No one whose kidneys are in a perfect condition was ever troubled with rheamatism, and no rheamatic sufferer, however slight the pain may be, has perfect kidneys. The conclusion of the truth is inevitable. Perfect kidneys mean freedom from rheamatism. tiero.

"There never was, and probably never will be, but one remedy that can, in every case, drive uric acid from the blood. That remedy is Warner's Safe blood. That remedy is Warner's Safe Cure. It cures rheumstism by eliminating the deadly uric acid. It banishes pain by removing the cause. It acts directly upon the kidneya. Within an hour from the time it is taken, its influence will be felt. It sustains the organs that sustain life, the forces that make the blood. For ladies during the severe ordeals through which they are compelled to pass it is invaluable. For the nervous troubles of youth and the compelled to pass it is invaluable. For the nervous troubles of youth and the debility that precedes old age it has no rival. There are thousands of men, and women, too, who are in perfect health to-day wholly by reason of its great power, and it is the most potent remedy the world has ever known."

CO-OPERATION SUGGESTED Of the Populists and it spublicans in the

Organization of the Next Senate. Washington, D. C., Jan. S .- There is

one consideration which has not so far been taken into account which may influence the Republican and Populist senators to come together in the first meeting of the senate after the 4th of March for the re-organization of that body, and that is the effect that such a combination or the failure to make it, the opportunity being presented, would have upon the two parties in the south-

ern states.
It is understoood that southern reprethis phase of both parties are bringing this phase of the question to the atten-tion of senators and urging that an or-ganization in which both parties would have representation in the distribution of the patronage and the arrangement or the committees would be the best evidence it would be possible to give the southern voters of the effectiveness of this joint work in the late campaign and the strongest assurance possible to give them that the combination had not been made before the people merely for the purpose of hoodwinking them. The Populists claim that in addition to Senators Peffer, Allen, Kyle and Stewart, the avowed Populists now sitting in the senate. Senator Jones, of Nevada, will certainly act with them, as well as Sena-tors Irby-and Tillman, of South Caro-lina, and Mr. Butler, of North Carolina,

lina, and Mr. Butler, of North Carolina, giving them a representation of eight senators after March 4.

A great many Republican senators disparage the idea of any reorganization and many who are not averse to it contend that an agreement between the Republicans and Democrats is more natural than a combination of Republicans and Populiary. licans and Populists.
